Cable set for 4-in-1 Motor Controller (500349)

The MRS-Cable set (length about 30 cm) is required for programming the 4-in-1 Motor Control. Simply connect your MRS-Control with the matching MRS-Cable via a D-Sub connection to the PCAN-USB Interface (also compatible with Peak or Vector Interfaces) and start programming your individual application.

Programming with the MRS-Cable set is uncomplicated and time-saving.
