Cable set to programm 6-fold PROP CAN (109291)

The MRS-Cable set (length about 30 cm) is required for programming the 6-fold PROP CAN. Simply connect your MRS-Control with the matching MRS-Cable via a D-Sub connection to the PCAN-USB Interface (also compatible with Peak or Vector Interfaces) and start programming your individual application.

Programming with the MRS-Cable set is uncomplicated and time-saving.
