Starter Kit - M2600 ECO CAN PLC (1.100.110.27)

The compact MRS Starter Kit - M2600 ECO CAN SPS delivers everything you need for your first application with MRS. In addition to the high-quality M2600 ECO CAN PLC, the Starter Kit includes the associated software with programming adapter, a cable set and a tailor-made plug package. The included software with programming adapter is compatible with all MRS-CAN products and can be used for other applications.
